Examination	University	Institute	Year	CPI/%
Graduation	GTU	GEC, Gandhinager	2024-27	8.61
Diploma	GTU	Dr. Subhash Technical Campus	2021-24	9.09
SSC	GSEB	Shree Swaminarayan Gurukul	2020-21	80.00 %

PROJECTS

- **NLP-Based Internship & Job Scam Detection System**
 - Developed an NLP-based system to detect fake job and internship postings using text preprocessing, fraud keyword analysis, and risk score generation. Integrated Machine Learning for scam probability prediction and used PostgreSQL/Supabase to store job data, fraud indicators, and analysis results.
- **AI-Powered Interview Preparation Platform**
 - Developed an AI-powered interview preparation platform using React, Node.js, Express, and MongoDB. Integrated LLM APIs (Gemini, Groq, OpenAI) for resume analysis, mock interviews, personalized feedback, and report generation with secure JWT-based authentication and PDF resume parsing, and automated report generation.
- **Cafe POS – Restaurant Point of Sale System**
 - Developed a full-stack Restaurant POS system with React.js, Node.js, Express.js, and MySQL, featuring role-based authentication, table-based ordering, POS session management, Kitchen Display System (KDS), customer display, UPI QR payment integration, and sales analytics dashboards. Implemented REST APIs, real-time order tracking, multi-payment processing, reporting with PDF/Excel export, and end-to-end restaurant workflow automation.

TECHNICAL SKILLS

- **Programming skills:** Python, SQL, Power BI, Data Analytics, Data Science, Machine Learning, Natural Language Processing (NLP), MongoDB, Express.js, React.js, Node.js (MERN Stack)
- **Soft Skills:** Team Collaboration , Quick Learning Ability

WORK EXPERIENCE & INTERNSHIPS

- **Data & AI Intelligence Intern | Graphura India Pvt. Ltd.**
 - Worked on Data Analytics, Machine Learning, and NLP-based projects to extract meaningful insights from data. Developed interactive Power BI dashboards and reports for business intelligence. Assisted in data preprocessing, predictive modeling, and AI-driven solution development. Collaborated with teams to support data-driven decision-making and process automation.
- **Full Stack Developer Intern | RareInfoway**
 - Successfully completed a 2-month Full Stack Development internship with hands-on experience in the MERN Stack (MongoDB, Express.js, React.js, Node.js), developing responsive web applications with front-end, back-end, API, and database integration.

ACHIEVEMENT

- participated in Oddo, DAIICT hackathons

AREA OF INTEREST

- Artificial Intelligence (AI)
- Data Science & Analytics

HOBBY

- Travelling
- Playing badminton
